

Pick'n'mix

R.E

We are stewards of creation. How does this Bible reference:

(1 Corinthians 3:9-10)

teach us about our responsibilities for God's creation? Write a set of 10 commandments which would help a Catholic child to be a super steward of God's creation.

Maths

Weather plays an important part in the eco-systems of the rainforests. Find a way to collect and measure daily temperatures and rainfall where you live. Record the data(information) you collect and use a line graph or bar chart to show your findings. Write a set of questions for me to answer based on the information you have provided? Remember your graphs need a title to **say what they show!**

Literacy

Write an explanation text to explain how pollination works in flowers - remember to include diagrams and use all the features of an explanation text.

Science

Make a diorama (3D Model) of the Amazon Basin.

Art

create an observational drawing of a plant or flower. Then re-create in the style of your favourite artist using a media of your own choosing. Write an explanation of choices.
