

Pick'n'mix

R.E

May is a very special Month for Our Lady. How many different images of her can you find and collect?

Choose three to write about and discuss how they are similar and different. Tell me what they show us about Mary. Then write your own special prayer to her and decorate it with flowers in your own design.

Maths

Be a travel agent; plan a holiday of a lifetime for you and your family using a travel brochure. Where would you like to go? What would it cost to go to your chosen destination? How long will you stay for 7, 10 or 14 days and how does this affect the cost?

Will you be all-inclusive, half board or self-catering?

Show as many options and costings as you can.

Literacy

IMPROVE OUR SCHOOL

Be Persuasive - use everything that you have learnt about persuasive writing to write a letter to me. Be as persuasive as you can to convince me that the improvements you would like to see in our school will be worthwhile.

Geography

Using online maps and search engines create a geographical fact file about either St Anne's or Blackpool. Focus on the human and geographical features, which make them ideal holiday destinations.

History

Interview a person over 60 (a member of your family or a family friend) to find out what their summer holidays were like in contrast to your own holidays today. Make a list of questions and collect your responses. Draw up a comparison report with illustrations if you wish.
