

Pick'n'mix

R.E

Read the creation story in Genesis – God gives us a very important job to do as stewards of his creation. Write a set of commandments you think God might give us now in order to help us look after our world.

Maths

The rainforest is being destroyed! On average, we lose a part of the rainforest the same size a football pitch every second. What size is a football pitch in metres? How much rainforest is being destroyed every minute? Every hour? Every day? Every Year?

Science

Find and photograph three different animals in your local environment. Carry out research to find out about their life cycles and compare them. How are they the same and how are they different? Remember to use scientific diagrams to illustrate your findings.

Literacy

Production of palm oil is a major cause of deforestation. Find out which products we use that contain palm oil. Write a letter to me and persuade me to stop buying products containing palm oil.

Art

Go out into the park or your surrounding area and find plants and trees to draw. Use the skills of shading in pencil and in watercolour to create, a Ruth Daniels inspired piece.
