

St Mary's Catholic Primary school remote learning planner Week beginning: 29th June 2020 – if you have any queries regarding your child's learning please email your child's teacher at shoulder@lea-st-marys.lancs.sch.uk. We would love to see pictures of your home projects too!

Plant Life!

English

This week I have selected an English pack about lockdown with poetry, news clippings and other reading materials

<https://www.hamilton-trust.org.uk/blog/learning-home-packs/>

Click on the link and select Year six week 11 on the English choices.

Play spelling hangman – Can you reach the top levels??

<http://www.lancsngfl.ac.uk/curriculum/literacyresources/files/alpha/alpha.htm>

Maths

<https://www.hamilton-trust.org.uk/blog/learning-home-packs/>

These are home learning packs which focus on particular topics. Each day has practice sheets and reminder learning slides to support you in your work. Remember to watch the Power points to help you too. You do not need to print off the sheets just do your working in your maths books. Have a look and explore the packs before you begin.

Year 6 should select **Year Six-week 12**

Year 5 should select **Year Five-week 12**

You should also be trying to improve your fluency using TT Rockstar's, Hit the Button and Daily Ten. Try one of these games as a warm-up every day for 5-10 minutes.

Science – let's get out and about!

If it's raining put on a coat and some wellies. You can do these activities in your garden or at the park or just out on a walk!

This week we are going to be revising our knowledge of plants; conducting an experiment to scientifically explore 2 areas for plant life, gathering data and then classifying the plants by their characteristics. Firstly, I'd like you watch this clip to remind yourself about how we classify plants.

<https://www.bbc.co.uk/teach/class-clips-video/science-ks1-ks2-ivys-plant-workshop-classifying-and-grouping-plants/zh9jvk7>

Task 1: I have attached an experiment for you to work on.

Task 2: Create a table classifying the plants you found using the 4 categories from the video.

Task 3: Create a plant scavenger hunt for your family to complete.

R.E

Think about what Pope Francis asks us to do in his letter Laudato Si. What is our role as stewards in caring for our common home. Watch this clip from CAFOD explaining global warming

<https://www.youtube.com/watch?v=v8unGCTWUWI>

Think about how you can make simple changes in your home and your way of life, then write a letter or a postcard to Pope Francis to show him how you live wisely, think deeply and love generously in regard to our common home. This is his address: **His Holiness Pope Francis, Secretariat of State, Palazzo Apostolico Vaticano, 00120 Vatican City**

Art

Nature Art – Collect some natural objects from your garden, at the park or on your walks and create a piece of Art work of your choice. Here are some examples: -

OR

Draw some still life pictures of some of the plants you discover – remember to use your skills in line, texture and shading.
