

Pick and Mix Homework

RE

Choose a saint and research them. Can you present your information as a fact file, speech or PowerPoint presentation? You choose!

Science

What happens when we eat food? Research the journey that food goes on through our body and create a step by step guide.

Geography/English

Make a tourist information leaflet for the city of Preston. Where would you recommend people visit? You could use purple mash to make your leaflet.

Maths

Are the following statements always true, sometimes true or never true?

When you add two even numbers together the answer is even	When you add two odd numbers together the answer is odd	If you add an even number to an odd number the answer is even
When you multiply by an odd number the answer is odd	When you multiply by an even number the answer is even	Doubling a number results in an even number
When you multiply a number by itself the answer is even	The sum of four even numbers is divisible by four	Adding three consecutive numbers results in an even number
