

"Hello, my name is Nick Williams and I hold the role of one of the two Parent Governor's at Lea St Mary's. I link into the teachers who have responsibility on various areas of the curriculum and feedback the work that is being done in these areas, to the governing body.

Governor of the Month – March 2023

‘Loved and Inspired by Mary
We shine and learn as a family of God’

My links to Lea St Mary's includes both of my children, Elliott and Matthew, currently attending the school, a place they feedback to me they really enjoy. With the school's strong family-feel evident in the smiles of the pupils and a joined up teacher/governing body desire to achieve the best for the school's pupils evident through the recent 'Outstanding' RE inspection, supporting the school where possible with projects such as planting and supported reading time is more than a pleasure.

From a personal perspective I am proud of the links forged between St.Mary's Church and our school that sits a literal stones throw away. I was fortunate enough to get married in the church to my wife Michelle, somewhere both our boys were also Baptised and where Elliott completed his first Holy Communion.

Outside of my governing role, I enjoy family walks with Baxter, our dog, playing sports and have recently commenced further volunteer work as a Cub Scouts Leader"
