

**E.A.T.**  
**EXPLORE ACTIVE THINK CREATIVELY**

If your child has shown one or more of these skills we would love you to share this with us. You can also attach photos if you wish

Every half term a winner will be drawn from the EAT box!!

**NAME:**

**CLASS:**

**EXPLORE**

*Engage in activities, explore possibilities, show curiosity, show interest and persevere.*

Example: Sarah was excited about her Egypt topic she visited the library to chose some new books and used her Ipad to research  
Bobby played with lego bricks sorting them into colours, sizes and orders.

**ACTIVE**

*Focus, concentrate, be fascinated, persist, bounce back if tricky or make mistakes, be proud*

Example: Clare found the Maths calculations tricky at first but kept trying and practising. She asked for support with an example and completed the rest independently never giving up.  
John made some mistakes with his spellings but practised these every day until he was sure showing great concentration.

**THINK**

**CREATIVELY**

*Think of ideas, solve problems, make links, test ideas, review methods.*

Example: Peter helped make cakes for 6 people despite the recipe being for 12. He was able to recognise he would have to halve the numbers to adjust the recipe  
Laura helped set the table for tea working out how many knives, forks and placemats would be needed.
